Bring the Home Safety Challenge to Your Community

AVAILABLE FOR CUSTOMIZATION & PURCHASE

The Home Safety Challenge (HSC) is now available as a fully customizable, white-label solution—designed to help organizations deliver engaging, interactive home safety education with ease. Developed and powered by Visuality, the HSC is supported by a team that specializes in building immersive, user-friendly digital experiences. Visuality leads all customization, branding, and technical implementation—ensuring each organization receives a seamless, fully supported solution tailored to their needs.

A TURNKEY SOLUTION—READY TO DEPLOY

A complete, ready-to-launch experience built for organizations that want impact without the technical lift. With this purchase, you receive:

- Full onboarding and guided setup
- Platform configuration and hosting
- Ongoing technical support
- Built-in analytics and reporting
- A fully branded experience tailored to your organization

No internal development required. No complex setup. Just launch and engage.

CUSTOMIZATION & ROLLOUT OPTIONS AVAILABLE

Customizations such as adding new interactive features, rooms, tailoring user experience, and more! Rollout options include assistance with promotion and marketing, engagement tools, or other!

PRICING OVERVIEW

Packages Starting At: \$15,750

This comprehensive package includes everything needed to successfully implement and deliver the Home Safety Challenge within your organization. Customizations will incur additional costs.
